## CHP Teaching Innovations 2013-2014

College of Health Professions Programs	The new Dean of the School of Pharmacy was appointed on April 1, 2014. Dr. Reza Karimi, formerly the Associate Dean for Academic Affairs and Assessment and Interim Dean of the School of Pharmacy, was selected after a successful national search.
College of Health Professions Programs	The PhD in Clinical Psychology admitted its first cohort of 7 students in the Fall of 2013. Two new faculty members were hired for this program.
College of Health Professions Programs	The Athletic Training program admitted its inaugural cohort of 8 students in the Fall of 2013.
College of Health Professions Programs	The new online Bachelor of Science in Health Science program in the School of Healthcare Administration and Leadership hired a program Director to prepare to enroll the first cohort of students in Fall of 2014.
College of Health Professions Programs	The CHP Interprofessional Education and Practice Committee developed an elective Concentration in Interprofessional Education program, available to all health professions students across the university.
College of Health Professions Programs	Thirty Continuing Education events were held in 2013-2014, an increase of 17 events over the prior academic year. This program continues to grow and serve our alumni and professional colleagues.
Arnaut, Genevieve	Arnaut, G. Conversion of all SPP clinical training documentation to online E*Value system. September 2013-Present.
Bell, Mathew	Bell, M. New Hearing Conservation For Musicians course development as part of the Hearing Screening and Conservation course in the School of Audiology. June 2014.
Bush, Kenneth	Bush, K.W. Developed a Microsoft EXCEL suite of programs to teach classical and evidence-based statistics to graduate students.
Davis-Risen, Saje	Davis-Risen, S. Development of Global Health Track in the School of Physician Assistant Studies. Development of innovative interprofessional curriculum, content, syllabus and application procedures.
Foeppel, Melanie	Foeppel, MP. Development and Implementation of a Post-Graduate Year 2 (PGY2) Residency in Ambulatory Care and Academia. ASHP Pre-Candidate Status, December 2013.
Heassler, Anne	Heassler, A. Developed and implemented experiential education assessment of clinical skills. This assessment is designated to document clinical skill progression throughout year one. Fall 2013 and Summer of 2014.

Malhorta, Ashim	Malhotra, A. Using an online, clicker-like technology to enhance student performance in the Immunology curriculum in pharmacy school. October 2013.
Michael, Paul	Michael, P. Mentored (i.e., Thesis and/or Dissertation Chair) and/or contributed to (i.e., 2nd Committee member) the completion of over 15 student research projects. All of the research manuscripts were (or will be) submitted to Common Knowledge.
Moonshine, Catherine	Moonshine, C. Gelman, I. Brems, C. Developed partnership with National College of Naturopathic College to provide collaborative care at the Pacific Psychology Clinic, Portland, OR. 2014.
Plato, Toni	Plato, T. New Bachelor of Health Science (BHS) online degree-completion program developed.
Rogers, Sandra	Rogers, S. (including all OT Faculty) School of Occupational Therapy curriculum development and review.
Shallcross, Robin	Shallcross, R. Developed GPSY 899 Pacific NW Exposure course, a travel course for Latino Bilingual Track students in which we visited Nyssa, OR; Yakima, WA and Woodburn OR Summer Term 2014.
Stemper, Brendan	Stemper, B.D. Buhler, A.V. Harrelson, J.P, Malhotra, A. Roberts, S.C. Elbarbry, F.A. Rao, D.A. Marlow, C. Karimi, R. Devaud, L.L. Development of online pharmacy prerequisites review tutorials for first year pharmacy students. Poster presented at the annual national meeting of the American Association of Colleges of Pharmacy. Recipient of the national American Association of the College of Pharmacy Teaching Innovation Award. June 2014.
Van Atta, Jennifer	Van Atta, J. Used student-drawn 30 second sketches for quick recall of anatomy/physiology concepts at key points in Fundamentals lectures
