

Founded by a therapist, Cumberland Therapy Services has been providing quality, caring therapy services to schools, Early Intervention programs and other pediatric facilities across the USA for 20 years.

Currently we have openings for new graduate clinicians for Speech-Language Pathologists, Occupational Therapists and Physical Therapists in the state of Oregon and Washington for the 2015/2016 School Year.

Come build your career with an employee-focused pediatric leader. Ask about our best in the business comprehensive benefits package.

As a Cumberland clinician you will receive unique personal attention, mentoring and career support we call Foundations For Success – Mentoring Matters:

Our Foundations For Success (Foundations) mentoring program is designed to guide clinicians new to the school setting through their first year. It goes beyond the minimum requirements outlined and/or recommended by the American Speech-Language Hearing Association (ASHA), the American Occupational Therapy Association (AOTA), and state license and certification agencies.

The goal of our Foundations program is to provide our mentees with an enriching experience that will increase their knowledge, skill, and confidence level for working in an educational environment. Participation in our program will provide our mentees with the tools necessary to ensure their success.

The Foundations program is organized in a manner that will foster the relationship between the mentor and mentee. It is a systematic approach that includes a planning guide developed to provide structure and organization for helping the mentee navigate the complexities of school-based therapy.

Join us as we improve the lives of the children we serve, while we develop the skills and careers of our clinical team.

Please apply through email/fax your resume.

I have been informed that you have a job posting board for new grads. We have a full time Physical Therapy position available for a mixed patient load of Inpatient/Outpatient. Our office adjoins the office of our only town Orthopedic Surgeon and we have a very good working relationship with him. We have a staff of 2 PT's, 2PTA's and currently one OT. We are a rural facility and have much to offer in a small community that is brimming with outdoor activities. If you do have a job posting board, would you be willing to share this information?

If there is a different contact that I need to make, can you please forward me this information?

Thank you for your time and the opportunity to help serve your students. It has been a great pleasure.

Full time PT position at Lake Oswego Concentra for Therapy Director, Outpatient Orthopedics. Excellent benefits and our clinic will now be getting Pacific students during their rotations.

This is a unique clinic because we often start therapy on the same day of injury and the PT and MD/PA work together daily to address pt needs. Concentra has taken 10 days off the average injury time by starting early therapy and through our specialized treatment plan. Please contact Kate (Clinical Manager) or feel free to go to [Concentra.com](http://Concentra.com) if you are interested.
