Family Wellness Center Seeking Physical Therapist

Portland Family Health is an 8-room wellness center that works with everybody, though has a special focus on pregnancy, pediatrics and healthy families at SE 40th and Woodstock. We are seeking a like-minded, skilled PT to join us.

The core team of experienced practitioners includes ND, CNM, Lac, Counseling, LMT, and DC. Almost all of us are also mothers and work part-time. We all currently run our own busy practices and refer heavily within our networks. We strive to be a wellness haven, strong with inter-referrals, good energy and laughter.

We are seeking a fabulous PT who wants to join our practice. We are open to the possibility of that person either renting space and managing their own practice, or teaming up with the chiropractic/massage practice to be paid a percentage of collection. I think the latter is preferred, since there are so many referrals the DC team makes to PTs, and being able to share chart notes would be a solid patient care advantage.

This candidate will be *most* desired if she/he:
Has skills (or is interested in acquiring them) with women's health issues such as pelvic floor weakness, abdominal diastasis and basic post-natal core recovery. There are also plenty of MVAs in our practice, so injury rehab is important, too.

The room is 10x12 on the main level, has two nice windows, a sink and gets great natural light. The available days are Monday morning, Wed, Fri, and weekends if you prefer. The room will be shared with a chiropractor and will be ready by September, 2014.

We have everything included such as reception at 5 days/week, janitorial, internet, storage, staff room, printer/copier/scanner, fridge, laundry utilities, landscaping, website, office consumables, tea, water, etc... You just get to show up and see patients!

See www.portlandfamilyhealth.com for our office website, and www.growingcarepdx.com to get the gist of the DC/LMT practice. Please email jess@desbrow.net with questions or interest.
